LAB - 3

Name: Gandevia Keval Dharmeshbhai

Sem: VII

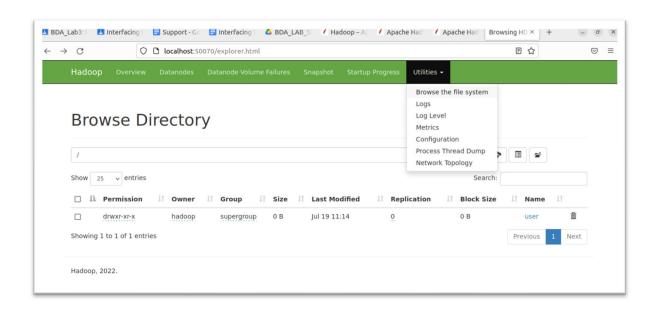

Roll No: CE046

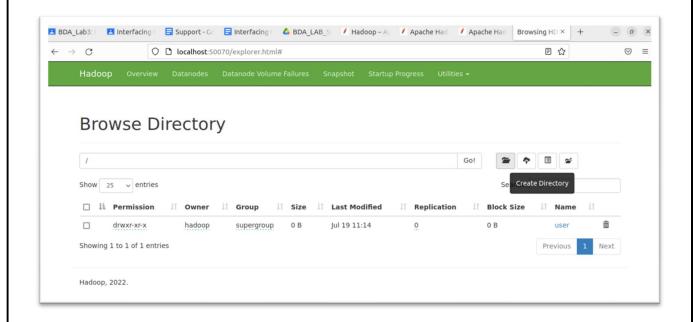

Subject: Big Data and Analytics

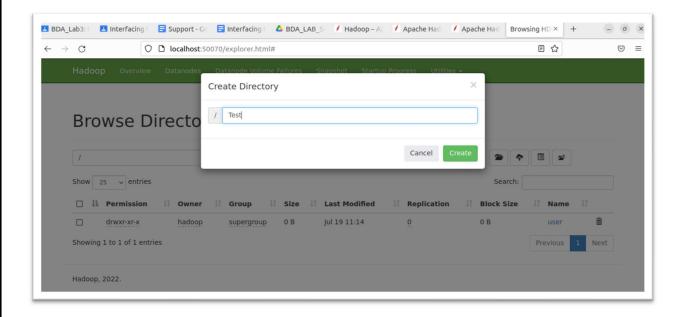

<u>Aim:</u> Interfacing to Distributed File System – HDFS commands and Web GUI file system browser usage.

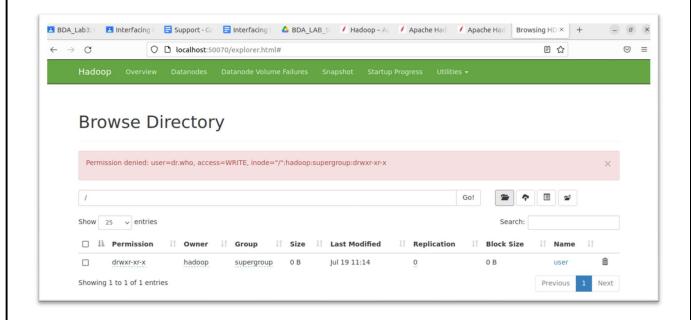

Q. 1: Create/Delete a directory/file named 'Test' from HDFS web UI in '/user/Hadoop'. It should give error message. Read this message and solve the error.

• We cannot create a file/directory on GUI because we as a Hadoop user has not access to that GUI.

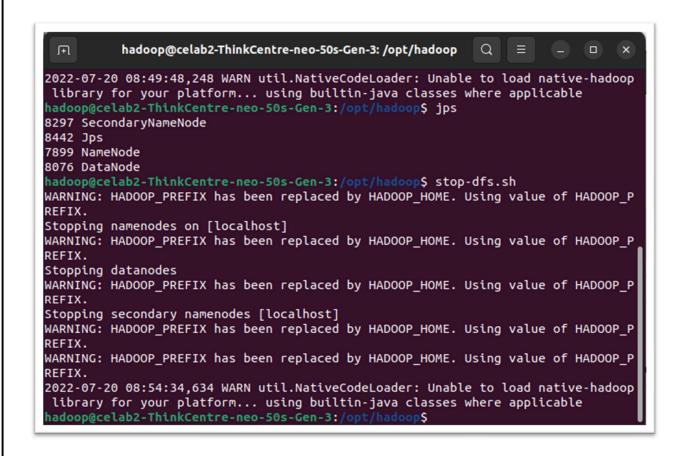

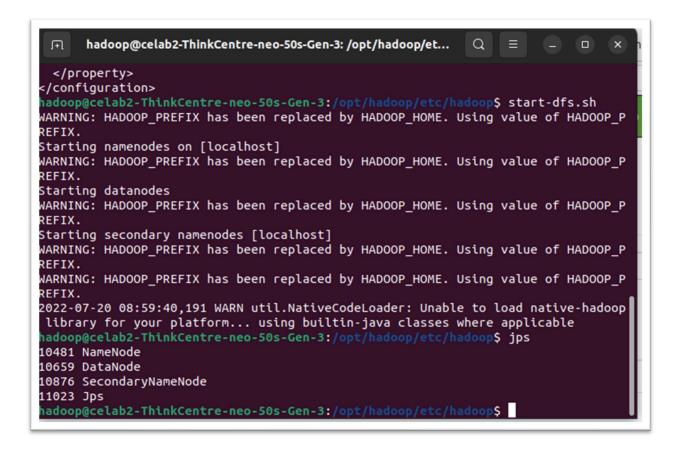

❖ Stop the server.

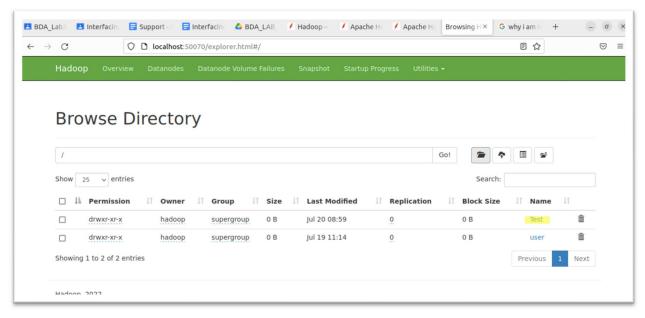

We need to edit the core-site.xml and need to add the staticuser with value hadoop.

```

applicable
Hello I am Keval Gandevia.
I am student of computer science engineering at DD University.
```

Q. 3: Display the contents of this file of HDFS on terminal.

```
hadoop@celab2-ThinkCentre-neo-50s-Gen-3:/opt/hadoop$ hdfs dfs -cat /user/hadoop/test/data.txt
WARNING: HADOOP_PREFIX has been replaced by HADOOP_HOME. Using value of HADOOP_PREFIX.
2022-07-20 09:15:22,687 WARN util.NativeCodeLoader: Unable to load native-hadoop library for your platform... using builtin-java classes wher applicable
Hello I am Keval Gandevia.
I am student of computer science engineering at DD University.
```

Q. 4: Download this file of HDFS on local machine and change its contents. Upload this modified file again on HDFS and verify its contents. Also make sure that this file should be deleted from local machine automatically.

Modified content. For automatic deletion file from local machine we can use 'moveFromLocal' command.

```
hadoop@celab2-ThinkCentre-neo-50s-Gen-3:~/Desktop/BDA_LAB_3_CE046$ cat data.txt

Hello I am Keval Gandevia.

I am student of computer science engineering at DD University.

hadoop@celab2-ThinkCentre-neo-50s-Gen-3:~/Desktop/BDA_LAB_3_CE046$ cat >> data.txt

I am doing IELTS for abroad study.

hadoop@celab2-ThinkCentre-neo-50s-Gen-3:~/Desktop/BDA_LAB_3_CE046$ cat data.txt

Hello I am Keval Gandevia.

I am student of computer science engineering at DD University.

I am doing IELTS for abroad study.

```

Q. 5: Find out CLI way to display all file system commands supported by HDFS. Record the list.

❖ To find out all file system commands we can use 'help' command.

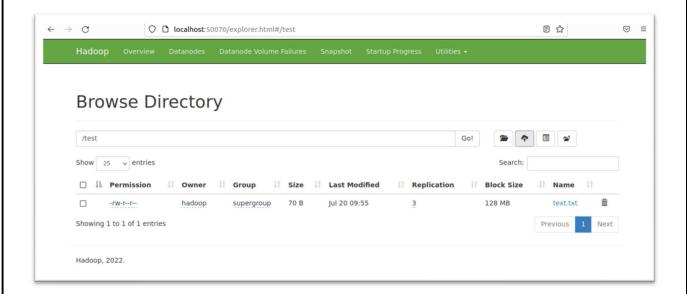

```
[-setfacl [-R] [{-b|-k} {-m|-x <acl_spec>} <path>]|[-setfacl [-R] [{-b|-k} {-m|-x <acl_spec>} <path>]|
[-setfactr {-n name [-v value] | -x name} <path>]
[-setrep [-R] [-w] <rep> <path> ...]
[-stat [format | spath> ...]
[-tatl [-f] [-s <sleep interval>] <file>]
[-text [-defswrz] <path>]
[-text [-(sponecfc-] <src> ...]
[-text [-(sponecfc-] <src> ...]
[-touch [-a] [-m] [-t TIMESTAMP (yyyyMMdd:HHmmss) ] [-c] <path> ...]
[-touchz <path> ...]
[-truncate [-w] <length> <path> ...]
[-usage [cmd ...]]
```

Q. 6: Perform file operations through Web GUI.

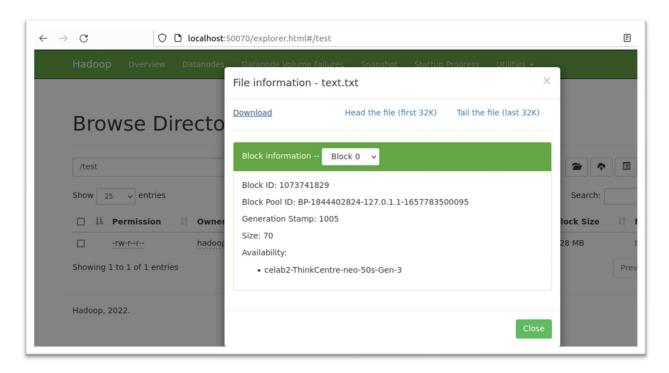

❖ We can upload file to distributed file system through web GUI.

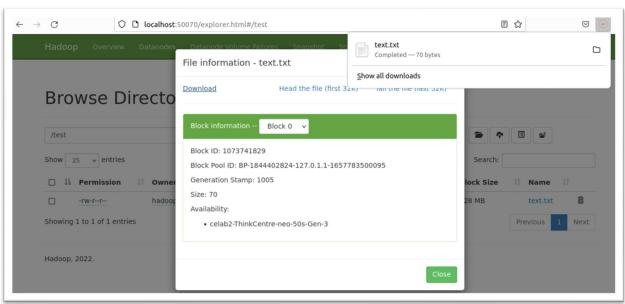

Successfully uploaded.

❖ We can download the file and also can see the content of the file.

❖ We can delete the file from the distributed file system through GUI.
